THE WORLD'S LARGEST
MANUFACTURER OF CAR HORNS

Product Overview

Index Acoustic Devices

ELECTROMAGNETIC
The sound is produced through an electro-magnetic circuit that forces a membrane to vibrate at high frequency.

Horns

Discs

ELECTRONIC
Frequency is controlled by an electronic circuit, leading to an increased product lifespan (high usage markets).

Horns

Discs

AIR HORN
The sound is produced when compressed air passes through an acoustic trumpet.

Pneumatic

Solutions operating with the on-board air system of the vehicle.

Electropneumatic

Solutions equipped with a compressor and a set of trumpets.

EMERGENCY SOLUTIONS
Acoustic warning systems for priority and emergency vehicles.

Electronic

Acoustic system for continuous service, composed by an electronic control unit and a set of loudspeakers.

Electropneumatic

Acoustic system composed by a compressor and a set of trumpets.

Pneumatic

Acoustic system composed by an electronic control unit and a set of trumpets.

FIAMM horns are produced in the same production plants where also original equipment horns are manufactured, using the same technology, manpower, equipment and control systems approved by car manufactures.

Gli avvisatori acustici FIAMM sono prodotti negli stessi stabilimenti produttivi dove vengono realizzati anche gli avvisatori di primo impianto, utilizzando la medesima tecnologia, manodopera, impianti e sistemi di controllo approvati dai costruttori di autoveicoli.

Las bocinas FIAMM se producen en las mismas plantas de producción donde se realizan también los avisadores acústicos de equipo original, utilizando la misma tecnología, mano de obra, maquinaria y sistemas de control aprobados por los fabricantes de automóviles.

Les avertisseurs acoustiques FIAMM sont fabriqués dans les mêmes usines de production où se produisent aussi les avertisseurs pour le marché de l'équipement d'origine, en utilisant les mêmes technologie, main d'œuvre, équipements et systèmes de contrôle approuvés par les constructeurs automobiles.

Die FIAMM akustischen Signaleinrichtungen werden in denselben Produktionsstätten hergestellt, wo auch die Hupen für den Erstausrüstungsmarkt gefertigt werden. Dieselben von den Fahrzeugherstellern genehmigten Technologie, Arbeitskräfte, Maschinen und Kontrollsysteme werden benutzt.

THE ORIGINAL EQUIPMENT BEST CHOICE
more compact more powerful

Compact emergency horn approved for road use. The most commonly installed by car manufacturers.

Avvisatore omologato a corno di ridotte dimensioni per uso stradale. Il più installato dai produttori di autoveicoli.

Bocina de caracol homologada, de dimensiones compactas, para el uso por carretera. La bocina más instalada por los fabricantes de automóviles.

Avertisseur homologué, de petite taille pour utilisation routière. Le système est le plus installé par la première monte.

Für den Straßenverkehr zugelassene Signaleinrichtung mit kleiner Hupe. Die von den Fahrzeugherstellern meist.

PS10 System

Electronic priority emergency horn for continuous service, ensuring a powerful, clean sound. Systems equipped with a control unit with degree of protection IP67 and Loudspeaker IP 66. The PS10 system, thanks to its flexibility, complies with national standard requirements and can produce several sounds and is therefore easily customisable.

Avvisatore prioritario elettronico per servizio continuo che garantisce un suono potente e pulito. Sistema dotato di centralina con grado di protezione IP67 e di Altoparlanti IP 66. Il sistema PS10, grazie alla sua flessibilità, risponde alle normative nazionali richieste e può produrre più suoni, per cui è facilmente customizzabile.

Avisador prioritario electrónico para servicio continuo que garantiza un sonido potente y limpio. Sistema dotado de unidad de control con grado de protección IP67 y de altavoces IP66. El sistema PS10, gracias a su flexibilidad, cumple con las normas nacionales y puede reproducir tonalidades diferentes, entonces es fácilmente personalizable.

Avertisseur prioritaire électronique pour service continu qui garantit un son puissant et net. Système pourvu de centrale avec degré de protection IP67 et de haut-parleurs IP 66. Le système PS10, grâce à sa flexibilité, répond aux normes nationales exigées et peut produire plusieurs sons, c'est pourquoi il est facilement adaptable.

Bevorrechtigte elektronische Hupe für den Dauerbetrieb. Sie garantiert einen starken und sauberen Klang. System mit Steuereinheit, Schutzgrad IP67 und Lautsprechern IP66. Das System PS10 entspricht dank seiner Flexibilität den national geforderten Richtlinien und kann mehrere Klänge erzeugen, weshalb es sich leicht der jeweiligen Anwendung anpassen lässt.

Trumpets

The trumpets on the MC4 and PS20 Systems, thanks to the chrome and coated versions, are easily installed both inside and outside vehicles. The frequency range covers various national standards. The 4-tone version offers maximum audibility and a pleasant sound.

Le trombe dei sistemi MC4 e PS20, grazie alle versioni cromate e verniciate si installano facilmente sia all'interno che all'esterno del veicolo. La gamma di frequenze copre le diverse normative nazionali. La versione a 4 toni rappresenta il massimo dell'udibilità e della piacevolezza del suono.

Las bocinas de los sistemas prioritarios MC4 y PS20, disponibles en versión cromada y pintada, se instalan fácilmente tanto dentro como fuera del vehículo. La gama de frecuencias cubre las diferentes normativas nacionales. La versión de 4 tonos se caracteriza por máxima audibilidad y un sonido agradable.

Les trompes des systèmes MC4 et PS20 grâce aux versions chromées et peintes s'installent facilement aussi bien à l'intérieur qu'à l'extérieur du véhicule. La gamme de fréquences répond aux différentes normes nationales. La version à 4 trompes et tons représente le maximum d'audibilité et du plaisir du son.

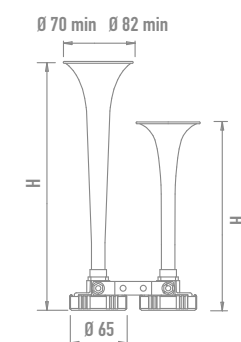

Die Hörner der MC4- und PS20-Systeme lassen sich dank ihrer Ausführung aus Chrom und Lack problemlos im Innern und außen am Fahrzeug installieren. Der Frequenzbereich deckt die unterschiedlichen nationalen Vorschriften. Die 4-Ton-Version bietet maximale Hörsamkeit und einen angenehmen Klang.

F.C.A. S.p.A declines all responsibility for any involuntary inaccuracy, error or omission in its price lists, catalogues and other technical publications and reserves the faculty to make changes and/or improvements to its products and to change its product range, and consequently their prices, at any time and without giving prior notice.

F.C.A. S.p.A. declina ogni responsabilità per eventuali inesattezze, errori ed omissioni nelle quali sia involontariamente incorsa nella compilazione dei propri listini, cataloghi, ed altre pubblicazioni tecniche, come pure si riserva di apportare in qualsiasi momento, e senza preavviso, modifiche o migliorie ai prodotti e di rivedere la gamma della propria produzione attuando variazioni di prezzo.

F.C.A. S.p.A declina cualquier responsabilidad por posibles inexactitudes, errores y omisiones en las cuales haya involuntariamente incurrido en la preparación de sus listados, catálogos u otras publicaciones técnicas, como también se reserva el derecho de aportar, en cualquier momento y sin preaviso, modificaciones o mejoras a los productos y de rever la gama de su propia producción aplicando variaciones del precio.

F.C.A. S.p.A décline toute responsabilité pour les inexactitudes, les erreurs ou les omissions qui se sont éventuellement glissées dans ses listes de prix, ses catalogues et ses autres publications techniques et se réserve d'autre part le droit de modifier ou d'améliorer, à tout moment et sans préavis, ses produits, de revoir sa gamme de production et d'en modifier les prix.

F.C.A. S.p.A lehnt jegliche Verantwortung für eventuelle Ungenauigkeiten, Fehler oder Auslassungen ab, zu denen es ungewollt bei der Abfassung ihrer Preislisten, Kataloge und anderer technischen Veröffentlichungen gekommen ist und behält sich außerdem das Recht vor, zu jedem Moment und ohne Vorankündigung seine Produkte zu ändern bzw. zu verbessern und seine eigene Produktpalette mit Preisvariationen zu überarbeiten.

FIAMM

The logo graphic consists of a red plus sign on the left and a red minus sign on the right, connected by two horizontal red bars.
