# TRIFA, SINCE 1929: A LOCAL AND GLOBAL SUCCESS STORY

Founded in 1929 as a family business in Germany by Max Ludwig, Trifa today is a global company. With our many years of expertise in manufacturing and marketing vehicle and commercial vehicle bulbs, we are liable partners for the automotive industry and a leading light and headlamp manufacturer. We supply innovative products in 80 countries on 5 continents. Constantly looking ahead to the future, we set the standards of tomorrow, today – our cutting-edge technologies ensure optimum visibility and thus increased road safety.

TRIFA, SEIT 1929:  
EINE LOKALE UND GLOBALE  
ERFOLGSGESCHICHTE

Gegründet 1929 als Familienunternehmen in Deutschland von Max Ludwig ist TRIFA heute ein global agierendes Unternehmen. Mit langjähriger Expertise sowohl in der Herstellung als auch im Vertrieb von Kraftfahrzeug- und Nutzfahrzeug-Glühlampen sind wir zuverlässiger Partner der Automobilindustrie sowie namhafter Leuchten- und Scheinwerferhersteller. Wir liefern innovative Produkte in 80 Länder, auf 5 Kontinente. Mit dem Blick stets nach vorne setzen wir schon heute die Standards von morgen – und sorgen mit neuesten Technologien für beste Sicht und damit erhöhte Sicherheit im Straßenverkehr.

TRIFA, DEPUIS 1929:  
UNE HISTOIRE DE RÉUSSITE LOCALE  
ET MONDIALE

Fondée en 1929 en Allemagne par Max Ludwig comme une entreprise familiale, aujourd'hui la société TRIFA est une société mondiale. Avec des années d'expertise non seulement dans la fabrication mais aussi dans la distribution des lampes pour les véhicules automobiles et utilitaires, nous sommes un partenaire fiable pour l'industrie automobile et pour des fabricants renommés de luminaires et de projecteurs. Nous fournissons des produits innovants dans 80 pays sur 5 continents. Le regard toujours vers l'avant, nous fixons déjà aujourd'hui les normes de demain – et par la dernière technologie nous assurons une meilleure visibilité et donc une sécurité routière améliorée.

TRIFA, DESDE 1929:  
UNA HISTORIA DE ÉXITO LOCAL  
Y GLOBAL

La empresa familiar TRIFA fué fundada en 1929 por Max Ludwig en Alemania. Hoy en día es TRIFA una empresa que opera a nivel mundial. Nuestra gran experiencia tanto en la producción como en la venta de lámparas para automóviles y vehículos industriales nos hace ser un socio ideal y confiable en la industria automovilística y un fabricante famoso de bombillas y faros. TRIFA distribuye sus productos a 80 países en los 5 continentes. Con la visión siempre en el futuro, podemos garantizar hoy las exigencias del mañana, aportando, gracias a la nueva y moderna tecnología una mayor visibilidad y seguridad en el tráfico automovilístico.

## OUR PRODUCTS: MAXIMUM LUMINOSITY FOR YOUR VEHICLE

With its wide range of products, TRIFA offers exactly the vehicle lamp for your needs. For example, the efficient SUPER LONG LIFE, with a service life that is three times longer and having an outstanding cost-benefit factor; or the high-performance PRIME +150%, which delivers up to 150% more light.

UNSERE PRODUKTE:  
MAXIMALE LEUCHTKRAFT FÜR IHR  
FAHRZEUG

Mit einem breiten Produktspektrum bietet TRIFA genau die Fahrzeug-Glühlampe, die Ihren Anforderungen entspricht. Zum Beispiel die effiziente SUPER LONG LIFE, mit 3-mal längerer Lebensdauer und hervorragendem Kosten-Nutzen-Faktor oder die leistungsstarke PRIME +150%, die für bis zu 150% mehr Licht sorgt.

NOS PRODUITS:  
LUMINOSITÉ MAXIMALE POUR VOTRE  
VOITURE

Avec une large gamme de produits TRIFA vous offre exactement la lampe automobile qui correspond à vos besoins. Par exemple, l'ampoule efficace SUPER LONG LIFE, qui possède jusqu'à trois fois plus de durée de vie par rapport à une lampe standard, avec un excellent facteur coût-bénéficiaire; ou la lampe puissante PRIME +150 permettant jusqu'à 150% de lumière en plus.

NUESTROS PRODUCTOS:  
MÁXIMA LUMINOSIDAD PARA SU  
VEHÍCULO

Con una gran gama de productos ofrece TRIFA las lámparas y bombillas adecuadas para todo tipo de vehículos. Por ejemplo: la SUPER LONG LIFE, super eficiente, con una durabilidad 3 veces mayor y con una óptima relación precio-rendimiento ó la PRIME +150%, con su gran potencia ofrece 150% más de luminosidad.

# OUR RECIPE FOR SUCCESS: QUALITY COMES FIRST

## **Sustainability and environmental protection are top priorities**

We supply lead-free products and our research department is committed to the ongoing development of future-oriented, eco-friendly solutions to provide a clean environment for the future. We also ensure that our packaging can be recycled and that different packaging materials can be separated easily.

## **Our firm commitment**

Our company is committed to delivering premium quality for our customers. Quality management according to DIN EN ISO 9001:2015 is therefore just as important to us as complying with legal standards and directives. Smooth order processing – from research and development to production – is also part of our quality pledge. We have been also certified ISO 14001.

## **REACH Regulation EC 1907/2006: free of chemicals**

We and our suppliers ensure that our lamps are subject to and comply with the EU RoHS End-of-Life Vehicle Directive 2000/53/EC. Also the raw materials used for our packaging are registered corresponding to REACH and do not contain any concerning substances.

## **Logistics are indispensable**

Our logistics and warehousing in Windhof/LU are continuously enhanced through the acquisition of special computer-controlled high-bay storage systems, enabling more cost-effective and efficient order picking.

Want to find out more about Trifa and our innovative vehicle and commercial vehicle lamps?

We look forward to hearing from you!

## **UNSER ERFOLGSREZEPT: QUALITÄT GEHT VOR**

### **Nachhaltigkeit und Umweltschutz werden großgeschrieben**

Wir liefern bleifreie Produkte, und unsere Forschungsabteilung entwickelt kontinuierlich zukunftsorientierte, umweltschonende Produkte für eine saubere Umwelt von morgen. Auch bei unseren Verpackungen achten wir darauf, dass diese wieder verwertbar und unterschiedliche Verpackungsmaterialien wieder leicht trennbar sind.

### **Wir halten uns daran**

Höchste Qualität für unsere Kunden ist das Ziel unseres Unternehmens. Ein Qualitätsmanagement nach DIN EN ISO 9001:2015 ist für uns daher genauso wichtig wie die Einhaltung gesetzlicher Normen und Richtlinien. Auch eine reibungslose Auftragsabwicklung – von der Forschung und Entwicklung bis hin zur Fertigung – gehört zu unserem Qualitätsversprechen. Wir wurden auch ISO 14001 zertifiziert.

### **REACH-Regulation EC 1907/2006:**

#### **Frei von Chemikalien**

Wir und unsere Lieferanten achten darauf, dass unsere Lampen der EU-Altautoverordnung RoHS 2000/53/EG entsprechen. Zudem sind die in den Verpackungen verwendeten Rohstoffe gemäß REACH registriert und enthalten keine besorgniserregenden Stoffe.

### **Nichts geht ohne Logistik**

Durch die Anschaffung spezieller computergesteuerter Hochregal-Lagersysteme wird unsere Logistik und Lagerhaltung in Windhof/LU kontinuierlich verbessert. Dies ermöglicht eine wirtschaftlichere und effizientere Kommissionierung.

Sie möchten mehr über Trifa und unsere innovativen Kraftfahrzeug- und Nutzfahrzeug-Glühlampen erfahren?

Wir freuen uns, von Ihnen zu hören!

## NOTRE RECETTE DE SUCCÈS: LA QUALITÉ EST PRIORITAIRE

### **Durabilité et protection de l'environnement sont essentielles**

Nous fournissons des produits sans plomb, et notre service de recherche développe continuellement des produits innovants et respectueux de l'environnement pour le milieu propre de demain. Concernant nos emballages nous faisons attention à ce qu'ils soient recyclables et différentes matières d'emballage sont facilement séparables.

### **La qualité – nous la suivons strictement**

Le maximum de qualité pour nos clients est l'objectif de notre entreprise. Le management de qualité selon DIN EN ISO 9001:2015 est autant important que l'observation des normes et règles judiciaires. De même, la gestion parfaite des commandes - à partir de la recherche et du développement jusqu'à la production – fait partie de notre promesse de qualité. Nous sommes également certifié ISO 14001.

### **Règlement REACH EC 1907/2006: produits sans chimique**

Nous-mêmes ainsi que nos fournisseurs veillons à ce que nos lampes soient conformes à la Directive européenne concernant les voitures anciennes RoHS 2000/53/EG. De plus, les matières premières utilisées dans les emballages sont enregistrées selon REACH et ne contiennent pas de substances inquiétantes.

### **Il n'y a rien sans logistique**

Grâce à l'acquisition de systèmes spécifiques de rayonnage en hauteur gérées par ordinateur, notre logistique et entreposage à Windhof/LU sont constamment améliorés. Ceci permet une mise en service plus économique et plus efficace.

Vous voulez en savoir plus sur TRIFA et nos lampes innovantes pour les véhicules automobiles et utilitaires ?

Nous serons heureux de vous entendre !

## NUESTRA RECETA PARA EL ÉXITO: CALIDAD

### **Protección del medio ambiente**

Nuestros productos son libres de plomo y nuestro equipo de científicos e investigadores trabajan continuamente en el desarrollo de nuevos productos para satisfacer las demandas del mañana protegiendo al medio ambiente. La adaptación continua a las exigencias del medio ambiente se refleja también en el embalaje. Estos materiales deben ser de preferencia reciclables. El nuevo empaque individual está compuesto de diferentes tipos de materiales, que se pueden separar fácilmente para el reciclaje.

### **Calidad garantizada**

Ofrecer la máxima calidad a nuestros clientes es el objetivo principal de nuestra empresa. Una prueba muy importante de nuestra calidad de trabajo es la certificación bajo la norma DIN EN ISO 9001:2015 y también todas las gestiones basadas en el cumplimiento de las normas legítimas y de las leyes vigentes. La Garantía de Calidad no es solamente el trámite de pedidos sin contratiempos, sino también la vigilancia sistemática de todos los pasos desde la investigación y el desarrollo hasta la fabricación de nuestros productos. Tenemos también la certificación ISO 14001.

### **REACH-Regulation EC 1907/2006:**

#### **Libre de productos químicos**

La empresa y sus distribuidores aseguran que nuestras lámparas se fabrican conforme a las directrices de la EU RoHS 2000/53/EG. Igualmente que las materias primas del embalaje están registradas bajo las leyes vigentes, evitando así el uso de materias primas prohibidas.

### **La Logística es indispensable**

La nueva adquisición de un sistema moderno de almacenamiento de estantes altos regulados por computadora, han mejorado la logística y el almacenamiento en Windhof/LU. La distribución es mucho más eficiente y económica.

Tiene interés de saber más sobre TRIFA y sus innovaciones en lámparas para la industria automotriz y vehículos industriales?

Nos dará mucho gusto recibir sus mensajes!

MINDFUL OF THE IMPORTANCE OF LIGHT BULB PACKAGING, TRIFA PROVIDES ITS CUSTOMERS WITH A COMPREHENSIVE SOLUTION. IT OFFERS ITS OWN PACKAGING SOLUTIONS, WITH CARTON OR EMERGENCY BOX OPTIONS. IT ALSO OFFERS PERSONALISED PACKAGING TO SUIT SPECIFIC NEEDS. IT PROVIDES ASSISTANCE TO ITS CUSTOMERS IN SETTING UP A NEW RANGE BY OFFERING A MARKETING SUPPORT SERVICE. A COMPREHENSIVE SOLUTION FOR THE PERSONALISED PACKAGING OF PRIVATE LABELS IS PROPOSED:

- CARDBOARD BOX
- DOUBLE OR SIMPLE BLISTER PACK, PVC OR PET
- EMERGENCY BOX

# EXTRA LIGHT, LONGER BEAM WITH OUR NEW PRIME +150% SERIES

The Prime +150% series is a high-performance lighting solution that provides exceptional brightness ensuring maximum safety.

- Up to 150% EXTRA LIGHT
- Up to 50m LONGER BEAM
- 3700K COLOUR TEMPERATURE

EXTRA LICHT,  
LÄNGERER LICHTSTRAHL  
MIT UNSERER NEUEN  
PRIME +150% SERIE

Die Prime +150% Serie ist eine Hochleistungsbeleuchtungslösung, die außergewöhnliche Helligkeit bietet und maximale Sicherheit gewährleistet.

- Bis zu 150% EXTRA LICHT
- Bis zu 50 m LÄNGERER LICHTSTRAHL
- 3700K FARBTEMPERATUR

LUMIÈRE SUPPLÉMENTAIRE,  
FAISCEAU PLUS LONG  
AVEC NOTRE NOUVELLE SÉRIE  
PRIME +150%

La série Prime +150% est une solution d'éclairage haute performance qui offre une luminosité exceptionnelle, garantissant une sécurité maximale.

- Jusqu'à 150% de LUMIÈRE SUPPLÉMENTAIRE
- Jusqu'à 50 m de FAISCEAU PLUS LONG
- Température de couleur de 3700K

LUZ ADICIONAL,  
HAZ MÁS LARGO CON  
NUESTRA NUEVA SERIE  
PRIME +150%

La serie Prime +150% es una solución de iluminación de alto rendimiento que ofrece un brillo excepcional, garantizando la máxima seguridad.

- Hasta un 150% de LUZ ADICIONAL
- Hasta 50 m de HAZ MÁS LARGO
- Temperatura de color de 3700K

## BRIGHTEN YOUR PATH WITH OUR NEW LED HEADLIGHTS

Upgrade your car's lighting today and experience the benefits of our new LED headlight range.

- Energy-efficient
- Superior brightness
- Improved Lumen
- Long lifespan
- Easy to install

- Brightness: 4.000LM
- Working Power: 15W
- Lifespan: 30.000 Hours
- Waterproof: IP67
- Guarantee: 2 Years

ERHELLEN SIE IHREN WEG MIT UNSEREN NEUEN LED-SCHINWERFERN

Rüsten Sie die Beleuchtung Ihres Autos noch heute auf und erleben Sie die Vorteile unserer neuen LED-Scheinwerfer-Serie.

- Energieeffizient
- Überlegene Helligkeit
- Verbesserte Lumen
- Lange Lebensdauer
- Einfach zu installieren

- Helligkeit: 4.000 LM
- Betriebsleistung: 15W
- Lebensdauer: 30.000 Stunden
- Wasserdicht: IP67
- Garantie: 2 Jahre

ÉCLAIRCISSEZ VOTRE ROUTE AVEC NOS NOUVELLES LED

Mettez à niveau l'éclairage de votre voiture dès aujourd'hui et profitez des avantages de notre nouvelle gamme de phares à LED.

- Efficacité énergétique
- Luminosité supérieure
- Lumen amélioré
- Durée de vie allongée
- Facile à installer

- Luminosité: 4.000LM
- Puissance de fonctionnement: 15W
- Durée de vie: 30.000 heures
- Étanche: IP67
- Garantie: 2 ans

UNA ILUMINACIÓN DEL CAMINO CON NUESTROS NUEVAS FAROS LED

Iluminación mejorada del coche hoy mismo y una experiencia de los beneficios de nuestra nueva gama de faros LED.

- Eficiencia energética
- Brillo superior
- Lumen mejorado
- Larga vida útil
- Fácil de instalar

- Brillo: 4.000LM
- Potencia de funcionamiento: 15W
- Vida útil: 30.000 horas
- Impermeable: IP67
- Garantía: 2 años

## BULB SOCKETS FOR CONVERSION AND RETROFITTING

- Sufficient cable length for easy connection
- Suitable for all conventional headlamps
- Space-saving due to minimum housing dimensions

Lampenfassungen zum  
Umrüsten und Nachrüsten

- Ausreichende Kabellängen zum einfacheren Verbinden
- Für gängige Hauptscheinwerfer-Lampen
- Platzsparend durch minimale Gehäuseabmessungen

Douille de lampe pour conversion  
et adaptation / modernisation  
(retrofitting)

- Longueur de câble suffisante facilitant la connexion
- Adapté à toutes les ampoules halogènes standard
- Économise de l'espace grâce aux dimensions minimales du boîtier

Porta lâmpara para equipar y  
rearmar

- Cable suficientemente largo para una conexión más fácil
- Para todos los faros habituales
- Ahorro de espacio por sus dimensiones mínimas de caja

# GENERAL NOTES

- Goods are sold and delivered in accordance with the terms of delivery and payment of Messrs TRIFA valid on the day of conclusion of contract
- Subject to technical alterations
- Operational values and dimensions are applicable with the usual slight deviations
- The lamps which are subject to type controls are marked according to ECE R37 / ECE R99 / DIN EN 60810 / IEC 810 / SAE / DOT for internationally standardized lamps

## ALLGEMEINE HINWEISE

- Verkauf und Lieferungen erfolgen aufgrund der am Tag des Vertragsabschlusses gültigen Lieferungs- und Zahlungsbedingungen der Firma TRIFA
- Technische Änderungen sind vorbehalten
- Betriebswerte und Abmessungen gelten mit den üblichen geringfügigen Abweichungen
- Die typprüfpflichtigen Lampen tragen das Prüfzeichen für international genormte Lampen entsprechend ECE R37 / ECE R99 / DIN EN 60810 / IEC 810 / SAE / DOT

## CONSIGNES GÉNÉRALES

- Les ventes et livraisons s'effectuent conformément aux conditions de livraison et de paiement de la société TRIFA en vigueur le jour de la signature du contrat
- Modifications techniques réservées
- Les valeurs de service et les dimensions indiquées sont valables, compte tenu des faibles écarts normaux
- Les ampoules qui sont soumises à un contrôle du type portent les marques selon ECE R37 / ECE R99 / DIN EN 60810 / CEI 810 / SAE / DOT

## INDICACIONES GENERALES

- La venta y los suministros tendrán lugar en virtud de las condiciones de suministro y de pago de la firma TRIFA con vigencia el día de la formalización del contrato
- Nos reservamos las modificaciones técnicas
- Los valores de servicio y las dimensiones tienen validez con las tolerancias insignificantes corrientes
- Las lámparas sujetas a control de homologación están marcadas según ECE R37 / ECE R99 / DIN EN 60810 / CEI 810 / SAE / DOT para lámparas internacionalmente homologadas
